

How do arts and entertainment professionals of all kinds obtain needed legal service and advice they cannot afford to pay for?

LAWYERS for the CREATIVE ARTS®

Lawyers for the Creative Arts is a 39-year-old organization. It is the only one in Illinois, and one of only a handful nationwide, expert in and limited to providing pro bono legal services to qualifying individuals and organizations in all areas of the arts and entertainment. Since its inception in 1972, LCA and its hundreds of volunteer attorneys have provided legal services and educational programming to tens of thousands of artists and organizations, including many that are now among the most prominent in the area. LCA is proud to play a significant role in the arts, culture and entertainment communities. You too can have a role by supporting this year's Benefit Luncheon.
